Subject: Recommendation for Mr Ait Lahcen Souhail

Dear Sir/Madam

I, the undersigned Mrs. SMIDI Wiame, hereby certify that I was Mr. Ait Lahcen Souhail's supervisor during his 6-month end-of-study internship, which began on 02/13/2023.

Throughout his time with our company, I have noted that Mr. Ait Lahcen's profile is particularly complete and attractive: adding to his technical mastery of technological fundamentals (web, data analysis, architecture) and innovative methods (blockchain, decentralization), the willingness and discipline to learn about the inner workings of the company, he has enabled the Société Générale Group and more particularly the Audit and General Inspection departments to rigorously assess the risks associated with these methods, and to have formalized tools that go well beyond the prototype and are duly documented.

He brilliantly demonstrated all his skills by producing three applications, all useful and used by the Audit department during a major assignment for the Société Générale Group.

What's more, his ability to communicate and interact with the various stakeholders enabled him to make rapid progress on cutting-edge subjects, characterized by their prior absence of methodologies.

I would like to emphasize Mr. Ait Lahcen's potential and his ability to progress. His humility, his willingness to go the extra mile and his ability to educate those he works with will be of great benefit to your organization. I encourage you to support him in his development.

For all the above reasons, I can only recommend that you call on Mr. Ait Lahcen, and invite you to contact me if you wish to discuss matters beyond the scope of this letter.

Yours sincerely
